

Concrete Hoppers

Concrete Hopper - This particular accessory is a self-dumping hopper that automatically triggers to dump as bumper release contacts the side of a dumpster. Once dumping is completed, the hopper returns to an upright and locked position. This particular piece of machinery is likewise offered together with a cable which enables operation from the seat of the forklift in order to have the option of manually dumping the hopper. There is a locking chain provided in order to lock the hopper to the tire truck. This particular product is made with consistent and reliable robotic welds for utmost strength. The lift truck dumping hopper even has a blue powder coat finish to be able to maintain durability.
