

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each international trade. Transporting industrial goods occurs every day on our industrious world. Primarily innovated as industrial vehicles in the 1930s in the United States, lift trucks gained recognition following World War II in the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread worldwide.

Initially established as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM lift trucks have become a global leader in forklift manufacturing and have built a solid reputation with the trade. TCM started building forklift manufacturing locations outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly makes many models of industrial forklifts with more than 50 years of accumulated expertise and technology, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading company.
