

## Komatsu Forklift Parts

Komatsu Forklift Parts - Komatsu Forklift U.S.A. Inc., a member of the Komatsu Ltd. family, has an encouraging reputation for building robust and reliable lift trucks. They are recognized worldwide as a company who has a proud heritage and who maintains a benchmark of quality in equipment manufacturing and design.

Komatsu Forklift U.S.A., Inc., a division of Komatsu Forklift Co., Ltd., International Division and Komatsu Utility Co., Ltd remains loyal to their vision of a healthier tomorrow. Komatsu's legacy began back in 1921, in Japan, when Komatsu Ltd commenced operations as a manufacturer of construction and mining equipment. Very soon the company grew into an industry leader and was responsible for building Japan's first state-of-the-art bull dozer and farm tractor.

Over the previous few decades, Komatsu has evolved to become a international giant due to their stability and competence within the diverse fields of logistics, excavating, construction and mining. With innovative designs and technological superiority, they continue to be at the forefront of these industries.

Evolving in 1945, Komatsu Forklift Co., Ltd has expanded greatly. Utilizing their superior production features and modern design methods, Komatsu has become acknowledged to manufacture the kind of durable and dependable forklift that consumers across the globe have come to rely upon. In 1976, Komatsu Forklift U.S.A., Inc was established to meet the increasing need for its products in the North American marketplace. To improve costs and efficiencies, a modern facility was developed in Covington, Georgia in 1990, to unite all U.S. Komatsu Forklift product support and manufacturing operations.

Remaining one of the principal suppliers and makers of durable and modern lift trucks today, Komatsu Forklift U.S.A., Inc continues to satisfy their customers' wishes worldwide. Central and Latin America, Mexico, the Caribbean and South America are home to many of Komatsu's happy customers along with their North American clients.

After a lot of years of establishing and preserving quality customer service rapport with clients, Komatsu Forklift understands that satisfying the needs of the customer is vital. Komatsu starts all new projects and product developments with the customer's input. By welcoming input and criticism, they are able to ascertain client needs and expectations then cultivate innovative designs and then build to exceed Komatsu Engineering Standards. Assuring consumers that quality is premeditated from the beginning and continued throughout the production, service and sales processes, allows Komatsu to end up with a first-class product from start to finish.

The engineers at Komatsu are experts who specialize in designing heavy-duty equipment, lift trucks and construction equipment. Their design expertise assures that every piece of equipment will endure in even the toughest functions and environments. Adherence to precise engineering standards permits Komatsu Forklift to meet ISO 9001 standards. Computer aided design and rigorous internal quality standards all contribute to high-class forklift products. Komatsu Engineering Standards transform the modern and progressive expertise used in advanced mining and construction equipment into world class equipment.

The modern and well-organized factory in Covington, Georgia is a full service plant. This contemporary facility starts the manufacturing process with raw steel which is then welded, fabricated and prepared. Once assembled and painted the forklifts are ready to leave the plant and enter the market. Maintaining quality control through the duration of the production process, assures consumers that the quality is built into Komatsu's products from the very beginning.

Komatsu believes given that a product is only as valuable as the individuals who sell and support it, their dealers make all the difference. Komatsu Forklift is proud of their dedicated supplier networks who strive to exceed expectations. Specialized in all aspects from sales, service or operating education, or aftermarket support, their diverse network of experienced and capable experts are available. Komatsu Forklift Dealer locations across the nation have a Komatsu OEM parts on-hand to offer the essential service needed to keep customers' operations running fluently. Computerized, real-time access with next day delivery from their highly automated distribution center is an alternative option. The web-based K-Link system assists dealers with online components management, service and acquisition for all major lift truck brands.

At Komatsu Forklift U.S.A., Inc. they understand that their world-class clients depend on Komatsu forklifts in their daily operations. So Komatsu focuses their attention on their countrywide account customers allowing them to benefit from a unique partnership that lets them tailor their relationship in order to boost customer output and profits. Komatsu nationwide account clients have access to on-line components and operations support system and a wide-ranging fleet management program, offering the ability for Komatsu to be their total solution for any lift truck issues.

The reliable and resourceful staff at Komatsu Forklift U.S.A., Inc., are focused on offering their customers an exceptional experience whether or not it is through product sales, instruction, maintenance, or aftermarket support. They want to ensure the level of consumer service provided will help their customers meet or exceed their goals and build a flourishing business/client partnership in the process. Komatsu strives to understand each of their customers' unique ways of doing business and enjoys working together to develop a plan to best insure their ongoing success.

Komatsu encourages you to get in contact with one of their many community Komatsu lift truck dealers to find out more about the numerous products and services available. Customer satisfaction and support are two of the companies top priorities and it is easy to see why thousands of consumers world-wide rely on the Komatsu family of products each day.
